****One contingency prize per class/vehicle per day, as reported on official results. Drivers may win multiple prizes per day, provided vehicles are eligible in each class/event competed. There is no limit on the number of classes a driver or vehicle can run, as long as the result is reflected in the official published results. For vehicles with multiple drivers, only one contingency prize can be claimed per entry. E.g. an AutoX car with 2 drivers separately registered may collect a contingency prize for each driver, but an endurance race car with 4 drivers and one entry may only collect a single contingency prize.**
